Words of Praise

For the several ingredients of which Dr. Pierce's medicines are composed, as given by leaders in all the several schools of medicine, should have far more weight than any amount of non-professional testimonials. Dr. Pierce's Favorite Prescription has THE BADGE OF HONESTY on every bottle-wrapper, in a full list of all its ingredients printed in plain English.

If you are an invalid woman and suffer from frequent headache, backache, gnawing distress in stomach, periodical pains, disagreeable, catarrhal, pelvic drain, dragging-down distress in lower abdomen or pelvis, perhaps dark spots or specks dancing before the eyes, faint spells and kindred symptoms caused by female weakness, or other derangement of the feminine organs, you can not do better than take Dr. Pierce's Favorite Prescription.

The hospital, surgeon's knife and operating table may be avoided by the timely use of "Favorite Prescription" in such cases. Thereby the obnoxious examinations and local treatments of the family physician can be avoided and a thorough course of successful treatment carried out in the privacy of the home. "Favorite Prescription" is composed of the very best native medicinal roots known to medical science for the cure of woman's peculiar ailments, contains no alcohol and no harmful or habit-forming drugs.

Do not expect too much from "Favorite Prescription;" it will not perform miracles; it will not dissolve or cure tumors. No medicine will. It will do as much to establish vigorous health in most weaknesses and ailments peculiarly incident to women as any medicine can. It must be given a fair chance by perseverance in its use for a reasonable length of time.

You can't afford to accept a secret nostrum as a substitute for this remedy of known composition.

Sick women are invited to consult Dr. Pierce, by letter, *free*. All correspondence is guarded as sacredly secret and womanly confidences are protected by professional privacy. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets the best laxative and regulator of the bowels. They invigorate stomach, liver and bowels. One a laxative; two or three a cathartic. Easy to take as candy.

APPEARING OLD

acts as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Rheumatism

I have found a tried and tested cure for Rheumatism! Not a remedy that will straighten the distorted limbs of chronic cripples, nor turn bony growths back to flesh again. That is impossible. But I can now surely kill the pains and pangs of this deplorable disease.

In Germany—with a Chemist in the City of Darmstadt—I found the last ingredient with which Dr. Shoop's Rheumatic Remedy was made a perfected, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, at last, it uniformly cures all curable cases of this heretofore much dreaded disease. The uric-acid-like granular wastes, found in Rheumatic Blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, these poisonous wastes freely pass from the system, and the cause of Rheumatism is gone forever. There is now no real need—no actual excuse to suffer longer without help. We sell, and in confidence recommend

Massacre of Armenians.

As was stated in the Gazette, terrible massacres of Armenians in the vilayets of Bitlis and Van have occurred in the last few days, and the situation there is reported to be very serious. Hundreds of Armenians are reported to have been killed or seriously injured in the outrages.

Turkish soldiers are said to be taking an active part in the massacres, assisting the Kurds, who started the outbreaks. Practically every town and village in the two provinces affected has been the scene of murder and outrages practiced indiscriminately on Armenian men and women and children.

Armenians living in Constantinople have received terrible stories of the indignities inflicted upon their countrymen, and are greatly excited, and alarmed. Men have been decapitated, shot down in the streets, and in some cases put to death by the most frightful tortures. Women and young girls have been outraged and killed. Even children of tender years have not escaped the fury of the mobs, and have met death in a hundred different ways.

In the reports received in Constantinople the massacres are charged directly to Russian instigation. Russia, it is asserted, is anxious to create disturbances and massacres, which will cause the powers to insist upon reforms in the Armenian provinces of Asiatic Turkey such as have been put in effect in Macedonia as the result of the former frequent massacres there. Russia hopes to be made one of the civil agents to manage affairs, which would give her financial control of the region.

Burned Husband to Death.

Mrs. Kindra Howrsto, aged eighteen, of Dunmore, Pa., is in jail, charged with having burned her husband to death, that she might be free to marry her former lover, Ignatz Hutro, who is also in jail charged with being an accessory. The police officials say that Mrs. Howrsto has confessed and given all the details of the crime. All the parties are Lithuanians. According to the story told the police by Mrs. Howrsto, she and Hutro were lovers before she married Howrsto, in the old country two years ago. According to the woman's confession, Hutro came to the Howrsto home on Monday and suggested that she do away with her husband, so that they could be married. Following Hutro's suggestion, the woman got her husband drunk, and when he was stupefied in bed she went to the room with the kerosene lamp. She poured the oil from the lamp on the bed, and then, she says, the lamp dropped on the bed, setting it afire. At the sight of her husband roasting and squirming in the flaming bed, she became horror stricken and rushed from the house crying "Fire." Neighbors extinguished the flames and had Howrsto sent to a hospital, where he died without gaining consciousness. Hutro denies all knowledge of the crime.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

Not Unfriendly Act.

"No, Japan would not regard it as an unfriendly act if the American government saw fit to increase her naval representation in her territorial waters on the Pacific coast or even if she sent additional men-of-war to the Asiatic station. She would not look upon it as a menace or regard it with regret."

These were the words of Viscount Aoki, the Japanese ambassador to the United States, when his attention was called yesterday to published reports that the general board of the navy had recommended to the President that the battleships of the American fleet be sent around to the Pacific coast.

Published reports that 16 battleships of the Atlantic fleet of the United States navy are to be transferred to the Pacific coast because of anti-American feeling in Japan were denied yesterday by William Loeb, President Roosevelt's secretary. Mr. Loeb said that the report is without foundation; in fact, that such a movement has never been considered by the President, and that its consideration is not contemplated.

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. K. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at E. S. Leadbeater & Son's drug store.

Students Assailed.

Twelve students for the priesthood at the College of the Propaganda Fide, including William Demury, of Mobile, were mobbed Monday on the Piazza Spagna in Rome by toughs, who were elated by the recent victory of the anticlericals in the municipal elections. The students were beaten, kicked and spat upon. They complained to their respective ambassadors—namely, the American, British, German, Austrian and Turkish, who, it is expected, will send a joint note to Signor Tittoni, minister of foreign affairs, asking that precautions be taken in the future, and pointing out the great number of foreign clergy and students in Rome.

AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JULY 3, 1907.

TOMORROW will be the Fourth of July, the anniversary of the birth of the republic of the United States, the most important event that ever took place in the western hemisphere. One hundred and twenty-six years ago this country was in its swaddling clothes battling for existence against George III. and his armies. Determined men who had long suffered from injustice at the hands of the British crown, but who had no desire to sever their relations to the mother country, had been at last driven by desperation to take their lives into their own hands and declare the thirteen colonies free and independent States. It took nerve and true patriotism for such a course, but none faltered and the great Declaration of Independence was signed by bold and unfaltering hands. Committing their country to God, they entered upon a seven years' struggle, which finally culminated at Yorktown with victory perching upon the continental banners. The first battle for freedom had been fought and won, but the British had no serious intention of relinquishing claims upon their North American possessions. Before evacuating Boston they nailed the British flag to a pole and after greasing the same the men-of-war saluted it, while the men on the ships yelled back to our forefathers "We will get you yet." But a few years elapsed before the British lion was again intently gazing upon this country. Insults followed insults until the United States was compelled to fight the second battle for existence, and in the treaty that followed that conflict the issue upon which the United States declared war—denying the authority of Great Britain to stop vessels belonging to this country on the high seas, to search them and impress Americans into their service—was left open and was not finally adjusted until the Mason and Slidell affair in 1861. The United States, however, has continued to grow and prosper notwithstanding the envy of European potentates, and today is recognized among the first-class powers of the earth with a territory extending from the frigid zone to the tropics and spreading from the Atlantic to the Pacific. Blessed by nature in that nearly everything for the sustentation of its people can be grown within its own domains with a surplus that helps to feed millions elsewhere, the United States has much for which to be thankful, although, like other countries, there is a spirit of restlessness among a large percentage of its polyglott population of eighty-odd millions which at times causes uneasiness. The Fourth of July has long since ceased to appeal to the many as it did half a century ago from the fact that the millions who have from time to time taken up their abode in the United States are not interested in our institutions, and take but little part in the celebration of the Fourth of July. To the true Americans, however, it is the greatest of all national holidays, and as such will be appropriately observed not in unseemly ebulitions, but in due expressions of honor to the fathers of the republic who have transmitted to us a great country.

THOSE members of the administration who have contended ever since the Knox boom took definite shape that the Pennsylvania Senator wishes to win the support of those elements of his party that are opposed to the centralization of power and that he wishes to pose as the anti-Roosevelt candidate for the nomination, believe that their opinions were confirmed by Senator Knox's speech at New Haven on Tuesday. In the course of his remarks the Senator explained why he did not care to be classed as a Roosevelt type. He believes in restricting the efforts of the government in the corporation regulation line to the powers conferred by the constitution, and is willing to let the States exercise the rights conferred upon them by the same authority. Senator Knox does not indorse the sweeping programme of trust regulation outlined by the administration, and which encroaches on the rights of the States. In the opinion of Washington politicians the Senator has made a shrewd test. He is not so far, though, out of line with the President's views to be known as an enemy of the Roosevelt policies. He rendered valuable aid to the President in the drafting and passage of some of the most important reform laws of the past four years. He is now in a position to take advantage of what many claim to be a reversal of public opinion on the subject of federal regulation of trusts. He is, says one, getting in position to lead the new movement.

THE VERDICT of the jury in the case of Judge Loving, who recently killed, in Nelson county, Theodore Estes is still the subject of comment by the newspapers. The Richmond News-Leader says:

Suppose some man in Virginia with a murderous heart had a grudge against Judge Barksdale, who presided at the Loving trial. As we understand the law at present in Virginia, the man could walk into the courtroom at Houston, empty two loads of buckshot into Judge Barksdale's body and when arrested could have one of his woman relatives to swear that she told him that she had been grossly insulted or wronged by the judge. It would make no difference that Judge Barksdale's whole life and character contradicted the possibility of his committing such an offense. His friends might have evidence at hand to show that he was a thousand miles away when the alleged wrong was done. They would not be allowed to offer the evidence. The case would go to the jury as that of an injured relative protecting the honor and avenging the wrongs of a woman of his family. There would be no possibility of vindication for the dead man. He would lie in his grave with the records standing against his name convicting him of an act which his own character and the conditions alike made impossible. The practical concrete fact of the present is that with the law as it stands life is unsafe, the law against murder is almost nullified, and the State is in the ignominious position of being unable to protect her own citizens. The practical thing to do is to correct the law at the earliest possible moment.

THE BILL to pension every soldier or sailor in the late civil way, if honorably discharged, and all who had served the State continuously for fifteen years, has been vetoed by Governor Hughes, of New York, on the ground of inconsistency, as it should have been. The bill itself was an appeal to the galleries and an arrant piece of demagogy which Gov. Hughes would not tolerate.

From Washington

[Correspondende of the Alexandria Gazette.]

Washington, July 3.

Persistent reports that the Department of Justice is conducting a secret investigation into the operations of the American Smelting and Refining Company, known as the smelter trust, find no corroboration at the offices of the attorney general. Inquiries there are met with the response from the Attorney General: "I know absolutely nothing about any investigation. It is believed that the charges have been filed against the smelter trust, the head of which is United States Senator Simon Guggenheimer, of Colorado. It controls the United States Zinc Company of Pueblo, Col., American Smelters Securities Company and Federal Mining and Smelting Company. It is alleged that the power of the trust is so absolute that it has repeatedly made the government pay tribute. The Treasury Department, at one time, under the administration of Secretary Shaw, suspended the purchase of silver bullion until the trust eased up.

When Postmaster Barnes, of Washington, who was formerly one of President Roosevelt's secretaries, attends church, he never thinks of reaching for his hat, or in anyway preparing to leave until every word of the benediction has been uttered. So he has issued an order, calling for strict observance of the rule that clerks in the postoffice must not prepare to go to lunch or home in the evening on Uncle Sam's time. That's cheating, in the eyes of the postmaster. He will have an unrelenting, merciless, time-recording instrument assist him in keeping tab on the clerks and has ordered that actual time occupied in performance of service be recorded, and that 'this does not include the time spent in preparing for work, in preparing for lunch, or in preparing to leave at the close of the day."

Activity against the Standard Oil Company is not limited to the zone surrounding the haunts of John D. Rockefeller, where a number of deputy marshals are seeking to serve a summons for the oil king to come into court in Chicago. The Department of Justice is pegging away at its suit for the dissolution of the octopus, the complaint in which was filed at St. Louis some time ago. While in the city in connection with the Harriman conference with the Interstate Commerce Commission, Frank B. Kellogg, of St. Paul, is taking advantage of the opportunity to confer with the Attorney General about the forthcoming trial. By July 15, the Standard must have filed its answer. Shortly after this date, examiners will take testimony in the case for the circuit court. This will probably be done in several cities, and possibly at the same time. Within two or three months, it is expected that all the testimony will be laid before the circuit court, and that arguments will then be made. Should the court give a decision adverse to the Standard, the fight will be transferred to the Supreme Court of the United States at once.

Henry L. Vaughn, of Dallas, Tex., will be released from the Atlanta prison today, on a commutation of sentence signed by the President. His mother, residing in Los Angeles, California, has for months been bending every energy to secure his release and the influence she exerted, and the fact that her son had contracted tuberculosis finally crowned her efforts with success. It is said he has not long to live.

Secretary of War William H. Taft left Washington today for a month's holiday, which he will spend with Mrs. Taft and their children at their summer home at Murray Bay, Canada. Just before leaving the city the Secretary reached a definite decision that he would be unable to attend the State Republican Convention in Oklahoma and so notified the officials in charge.

Dr. Anita Newcomb McCrae, of this city, and the corps of nine young American women who assisted her in the volunteer army nurse work with the Japanese army during the war between Japan and Russia, have been signally honored by being decorated with the Imperial Order of the Crown by the Emperor of Japan, has McCrae being designated as holder of the Sixth Class of the order, while her assistants are designated as holders of the Seventh Class. War medals also have been conferred by the Emperor upon a score of war correspondents who observed the Japanese campaign in Korea and Manchuria, among them being W. H. Brill, who represented the Publishers' Press and Scripps McCrae Press Associations and Reuters' Telegraph Agency, of Europe.

Commissioner of Labor Neill left Washington at noon today for Chicago where he will endeavor to bring about a settlement of the telegraphers strike now on at San Francisco, as well as to prevent the contemplated calling out of the men in Chicago and other Western cities. He confessed here last night with Deputy President Koennekamp of the Commercial Telegraphers Union, and today's trip is supposed to be the result of their deliberations. While in Chicago the Commissioner will stop at the Audotorium.

The government has aimed a blow at the express companies. District Attorney Sims, of Chicago, on instructions issued at Washington, has appealed to the United States Circuit Court to restrain from the further issuance of franks. The government seeks to stamp out the practice on the part of the companies through which officers and employees of the corporations are permitted to ship, free of charge, merchandise from one State to another.

After having been out twenty-two hours, the jury which is trying Edwin S. Homes, jr., on a chage of conspiracy to defraud the government by giving out advance information about crop conditions came into court at one o'clock this afternoon. It had been impossible to reach a verdict. The foreman requested Justice Stafford to give them more light on the law governing conspiracy. After this had been done, the jury again retired.

News of the Day.

In an old field outside of Buffalo, N. Y., was found today the body of a man supposed to be Lewis Grenwald of Wilmington, Del. The man had been shot.

Honduras, Guatemala and Salvador have formed a combination to check President Zelaya of Nicaragua in his scheme to unite all the Central American republics.

It is reported that Gov. Glenn will call a special session of the North Carolina legislature to pass another law reducing the railroad passenger rates The special law will be a compromise to end the suits now pending in the United States courts at Ashville.

That George E. Roberts will resign his position as director of the mint to become president of the Commercial National Bank, of Chicago, to succeed James H. Eckels, whose death recently made the place vacant, was verified in Washington last night through friends of Mr. Roberts.

A tornado at an early yesterday morning destroyed the town of Rochester, Tex. No one is reported killed, but several are reported hurt, and several farm houses demolished. The town of Merkel, Tex., was partly destroyed by a storm early yesterday. A dozen dwellings and many barns and out buildings were blown from their foundations. Several persons were badly injured.

A 15-pound pickerel hooked on a trolling line attached to a small boat ran under the boat, doubling the line under the keel and upset the boat, drowning Mrs. George Cutler and Charles T. Chambers, both of Ionia. The accident occurred sometime Monday, at Chippewa Lake, Mich. The cause of it was not known until searching parties on rafts, with grappling irons, brought the fish to the surface dead, and still attached to the hook.

The brokerage firm of R. M. Weaver & Co., of Pittsburg, Pa., clored its doors today. No detailed statement of the alleged financial difficulties has yet been issued. It is not believed, however, that the losses will be large to the firms patrons.

Virginia News.

Rev. Francis R. Lee, rector of Epiphany and Emmanuel Episcopal churches, at Leesburg, has resigned to accept a call to the Church of St. Thomas, at Abingdon.

Samuel Orrison, a native of Leesburg, aged seventy-four years, died this week at Colesville, Md. He was a Confederate veteran and served throughout the civil war in the Loudoun Guards, Seventeenth Virginia Regiment.

F. L. Rater, a young railroad telegraph operator at Poe siding, on the Norfolk and Western Railway, in Prince George county, was found between 1 and 2 o'clock yesterday morning lying on the floor of the office with a bullet hole in his head and a rifle lying across his body. A coroner's jury subsequently returned a verdict of suicide.

Mrs. Carrie Phillips Berkeley, wife of Capt. Randolph C. Berkeley, of the United States Marine Corps, died in Norfolk yesterday. Mrs. Berkeley was the only daughter of Pay Inspector and Mrs. James S. Phillips, of the United States navy, and was twenty-two years of age. She was married to Capt. Berkeley September 12, last, in Shepherdstown, W. Va.

At the annual meeting of the Winchester and Washington Electric Railway Company, held at Winchester yesterday, the following officers were re-elected: S. H. Hansbrough, president; Charles Mulliken, vice president; Shirley Carter, secretary and treasurer; S. L. Hoover, general manager. The officers, with H. C. Warden, L. F. Cooper, W. H. Baker, E. V. Weems, A. Moore, jr., and R. P. Chew, constitute the board of directors.

The City Council of Staunton has elected heads of all departments and members of the police force. There were no changes of importance except in chief of police, Capt. W. M. Simpson retiring on account of age, and being succeeded by Officer K. M. Lipscomb, who has been a member of the force for four and a half years. Captain Simpsons is a Confederate veteran and has been on the force for a great many years. Capt. Simpson formerly lived in Alexandria and during the civil war was second lieutenant of Company G, Seventeenth Virginia Regiment.

Messrs. Davis & Davis, Washington patent attorneys, report the grant, this week, to citizens of this State, of the following patents: J. H. Campbell, of Strasburg Junction, lime kiln; Thomas A. Gray, of Farmville, running gear; F. Von Kugelgen and G. O. Seward, of Holcombs Rock, electric furnace process; Rueben S. Showalter, of Dale Enterprise, spacing apparatus for wire fence machines; Walter S. Upshur, of Newport News, mortuary vault for ships; Walter S. Upshur, of Newport News, coffin for preserving corpses aboard ships, and Newton J. Wigginton, of Chambersville, muzzle.

Leander Crew Wins.

London, July 3 —Leading from start to finish the Leander crew today easily defeated the London Rowing Club in the first heat of the great challenege cup contest on the Henley course. The Leanders are relied on to win back the cup captured last year by the Belgian crew. A big surprise was given the attendants at the regatta when Blackstaffe, holder of the Sculls trophy, was defeated by Captain Darrell of the first life guards by half a length.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Mytton, 457 John St., Hamilton, Ontario. "My little daughter had a burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by W. F. Creighton & Co. and Gibson & Timberman.

Today's Telegraphic News.

Ready to Strike.

Chicago, July 3.—The action taken by the executive committee of Local No. 1, C. T. U. of A., in voting for a strike against the Western Union Telegraph Company on July 8 was today accepted as a sure sign that a walkout will be ordered here. The decision of the executive committee has met the hearty approval of the union operators. Upon hearing of it they were more anxious than ever to leave their keys. The only alternative to this ultimatum is that the Western Union Company shall rescind its order not to treat with a committee appointed to demand the reinstatement of Wm. Maine, a discharged operator. It is expected that the local union will ratify the action of the executive committee. A monster mass meeting at which an immediate strike will be advocated by many will be held Sunday unless operators quit before then.

New York, July 3.—In denying reports that the Western Union Telegraph Company has receded from the understanding reached with Labor Commissioner Neill concerning relations with its operators, President R. C. Clowry has sent a letter to General Superintendents Brooks, Cook, Levin and Jaynes, respectively, of New York, Chicago, Atlanta and San Francisco, outlining the corporation's attitude. "There is no truth in the rumor," says the letters, "that the Western Union Telegraph Company has receded from the position taken in my letter of June 20 to Chas. P. Neill, Commissioner of Labor. I had another meeting with Commissioner Neill last Monday and assured him that notwithstanding the unwarranted action in calling a strike at San Francisco, the company would carry out the conditions set forth in that statement in good faith."

Disappearace of a Teller.

New York, July 3.—"Lookout for a man with a suit case full of money." This is the message that went to every detective bureau in America today, following the discovery of the disappearance of Chester B. Runyan and $97,137 from the Windsor Trust Company. Runyan was paying teller, and before he walked out of the office last week, he was seen fumbling with a suit case. Then Runyan shook hands with all his friends and hurried out with the suit case. He has not been seen since. When he did not reappear this week, the officials did not suspect anything serious was wrong. But when another man was put at his desk it was learned the money was missing. Runyan received a good salary and to all appearances was well satified and happy.

Late this afternoon John Alvin Young, president of the Windsor Trust Company, announced that his concern had offered $2,500 reward for Runyan's arrest.

Fatal Automobile Accident.

Waltham, Mass., July 3.—In endeavoring to avoid a collision with another machine which suddenly crossed their path early today one young woman was killed and three other persons seriously injured. Wm. Walsh, an automobile dealer of this place, was returning from south Framingham with friends when the second automobile suddnely dashed down a street in Wellesly. Turning his car sharply Walsh sent it leaping through a picket fence and off the top of a 10 foot embankment. In falling, the machine turned completely, hurling its occupants to the ground. Miss Margaret Swenton was thrown against a tree and instantly killed. Walsh, Miss Turpen and Frank McLoughlin were covered with cuts and bruises, but not dangerously injured. All four live in Waltham.

Policeman Attacked.

New York, July 3.—"Dave" Sullivan, once a promising candidate for the featherweight championship of the world, and John B. Collins, a well known comic artist, are prisoners at the Sheepshead Bay Police Station charged with assaulting Policeman McDonald, of that precinct. McDonald, fearfully cut and bruised and with a possible fracture of the skull, is at Coney Island hospital in a critical condition. The policeman, detailed to special duty in plain clothes in an effort to put a stop to a series of robberies in the Sheepshead Bay district, stopped Sullivan and Collins late last night to inquire their business on the street. Taking him for a dangerous character the two men resisted.

Robbed at a Park.

New York, July 3.—Robbed of $1,000, in currency as he sat talking with a woman acquaintance in Riverside Park, Frank Lilliendahl has asked the authorities to help him recover his money if they can do so without publicity in the case. If there is going to be a scandal about it, "why let the money go," he says. Lilliendahl says he is a visitor from out-of-town. He declines to tell where he lives, however, and the local hotel to which he referred the police denies any knowledge of him as a guest. The money was "lifted" from his pocket without attracting its owner's attention. Lilliendahl says the woman with whom he was talking was a close friend of his fiancee.

The Storm in Texas.

Fort Worth, Tex., July 3.—Reports of a storm over west Texas and the Pan Handle yesterday are coming in today. At Wichita Falls there was heavy wind and great damage to crops. At Olney a number of buildings were wrecked and Mrs. Haygood probably fatally injured. A big cotton gin was wrecked and at Munday a number of buildings destroyed. Rockester was almost wiped out and at Merkle many buildings were blown down and fifteen people injured. The storm broke the hottest spell in ten years.

How to Cure Chilblains.

"To enjoy freedom from chilblains," writes John Kemp, East Otisfield, Me., "I apply Bucklen's Arnica Salve. Have also used it for salt rheum with excellent results." Guaranteed to cure fever sores, indolent ulcers, piles, burns, wounds, frost bites and skin diseases. 25c at E. S. Leadbeater & Son's drug store.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Still After Mr. Rockefeller.

Chicago, July 3.—Nothing less than the actual appearance of John D. Rockefeller before Judge Landis Saturday morning will be considered by the government officials. An offer to treat on most liberal terms has been made by Attorney Miller and his associates. They offered to give to the government all the information wanted and which they previously had refused if the hunt for Rockefeller were called off. The offer was refused by District Attorney Sims on the ground that the government could not compromise itself or accept anything but complete surrender of the oil magnate and his presence on the witness stand. Service of Judge Landis's subpoens on John D. Rockefeller is believed to be but a matter of a few hours.

Claim Valuable Real Estate.

Wilmington, Del., July 3.—According to reports received here, parties in Lexington, Ky., through a Washington attorney, will shortly institute proceedings to obtain land in Wilmington to which they claim to be heirs. According to the report, the land, which is located in this city, is valued at $80,000,000, which fact seems odd, as the entire assessed value of real estate in Wilmington, improvements included, is only about $45,000,000, while that of the county is only about $55,000,000. It is presumed that the estate referred to is the Springer estate. Mayor Wilson today said that he had received letters from heirs in different parts of the country.

School Building Destroyed.

New York, July 3.—Fire of mysterious origin destroyed the public school house in Long Island City, a landmark for over 100 years, and incidentally solved for the Pennsylvania Railroad a problem which has perplexed them for years. The school house stood in the center of the plot selected for the company's proposed yards. There was no law under which the company could secure the property, but the board of education finally consented to select another site. Even then the railroad was afraid to remove the old building lest they come in conflict with some ancient charter right. As the building was burned by today's fire the problem solves itself.

Leiter in Automobile Accident.

Evansville, Ind., July 3.—Joseph Leiter, the Chicago millionaire, and a party of friends were the victims of an automobile accident near here today in which all had a narrow escape from death or serious injury. The chauffeur of the automobile suffered a wrenched foot, but aside from this bruises were the only real injuries. The party, including Leiter, Will J. Davis, manager of the Illinois Theatre of Chicago, and wife, and George W. Ledrer, manager of the Chicago Colonial Theatre, and wife, was traveling from Louisville to Zeigler, Ill. In trying to pass two buggies the chauffeur ran the car over a 15-foot embankment.

Efforts to Continue Strike.

New York, July 3.—In an effort to continue the strike of the ice wagon strikers and helpers' union against the American Ice Company, Business Agent Ferretti is bringing strong pressure today to induce a fresh walk-out by the men who returned to work yesterday. Though the strike has not yet been called off, it is admitted that three-fourths of the men are again with their wagons. Several wagons were stoned today, but as all were heavily guarded, the crowds were beaten off and deliveries made almost as usual. Ferretti says the independent companies' drivers and helpers will be called out tonight.

Held for Ransom.

Tangier, Morocco, July 3.—Kaid McLean; the Scotch commander-in-chief of the Sultan's forces, is a prisoner of Raisuli, the Moroccan bandit, and is held at Leanaz. Raisuli demands a ransom and full pardon for all his misdeeds as the price of McLean's surrender. After Raisuli had fled to the mountain, taking the money of the Sultan's agent sent to buy his surrender, securing him a pardon and a military office if he would do homage to the Sultan. McLean went to confer with the bandit. McLean carried a letter and rich gifts from the Sultan as an inducement to surrender. Raisuli promptly took letter, gifts and messenger.

Rebels Tortured.

Hong Kong, July 3.—Horrible tortures have been practiced upon a band of eighty rebels instrumental in instigating the recent uprisings near Wongkong who were captured by imperial troops. The local prefect to whom the prisoners were surrendered determined to force the insurgents to divulge the details of the plot and name the leaders in the uprising. All efforts to make the prisoners speak failed, however. Finally when other methods had been exhausted boiling rosin was thrown on the bodies of the prisoners, but even this did not have the desired effect.

The Haywood Trial.

Boise, Idaho, July 3.—The Haywood defense has practically concluded to call President Moyer, of the Western Federation of Miners, to stand as a witness for Secretary Haywood, of the same organization. Moyer will probably begin his testimony late Saturday afternoon. Haywood will be the next witness, and his story will conclude the defense's case.

The cross-examination of Eugene Engley, attorney-general of Colorado under Governor Waite, was resumed today.

Gave Up the Struggle.

Chicago, July 3.—After nearly sixteen weeks of the strike the members of the boiler makers' and iron shipbuilders' union at south Chicago have given up the struggle with the Chicago Shipbuilding Company. The decision was reached after an all-night session of the union. The fact that the original strike with which this was in sympathy has failed at all lake ports was a potent argument. Two thousand men walked out when the strike was called and of these not more than 500 or 600 will be taken back at once.

Jews Attacked.

Odessa, July 3.—An unprovoked attack was made on Jews in Bulgaria street last night by members of the Black Hundreds, the reactionary fighting organization, without an effort being made by the police to either protect the helpless victims or to arrest the miscreants who attacked them. The gang, carrying arms, went through the street firing indiscriminately at the men, women and children. Two Jews were killed and fifteen were wounded in the attack. Police witnessed the outbreak, but made no move to quell the disorder.

Body Identified.

New York, July 3.—The police today identified as John Thys, of 126 Henry street, Brooklyn, an elderly man who was run down and killed at Broadway and Chambers street last night by an automobile owned by Charles C. Tegithoff. Edward Roxbury, the chafeur, was arrested. He stated that Thys ran in front of the machine, and, becoming confused, kept dodging from side to side until he was hit by the machine.

Thaw's Motion Withdrawn.

New York, July 3.—When Harry K. Thaw's motion to compel District Attorney Jerome to show why he should not call the young Pittsburgs second trial at the October term of court came up before Justice Day today a clerk from Attorney A. Russell Peabodp's offiee announced the withdrawal of the motion. No explanation was made of the reason for this action.

The New York Stock Market.

New York, July 3.—Prices generally sustained fractional declines in the first hour's trading. The volume of business was small and the market assumed a holiday attitude. The buying continued through the noon hour, causing a strong tone all around the room and forcing a general material advance in prices ranging from a fraction to over one point.

HICKS FOR JULY.

A reactionary storm period will be central on the 2nd and 3rd. Threatening to violent clouds and thunder storms will appear from 2nd to 4th. One need not be surprised at cloudbursts.

On the eighth a regular storm period is central. A very warm wave will pass over the country from the 6th to the 11th. On and touching the 8th and 10th the barometer will fall and thunder storms will reach active to violent culminations. Scattering rains, with possible cloudbursts may be expected in widely separated localities. A rising barometer and change to cooler weather from about the 10th.

The second reactionary storm period is central on the 13th, 14th and 15th. Centering about the 10th, seismic and volcanic disturbances will be most natural for a period of several days. Probably mid-summer storms, low barometer and threatening conditions will culminate about the 13th, 14th and 15th. Existing causes may extend storms and other disturbances through the 16th and 17th into the next period.

The next regular storm period covers from the 18th to 23rd, and is central on the 20th. We fear that rainfall at this and other late July periods will be light and scattering. The culminating storm days will be 20th to 22nd, after which look for rising barometer and change to cooler weather.

The central days of the next reactionary storm period are on the 24th, 25th, and 26th. The full moon at an eclipse made in perigee falls on the 24th, and within 48 hours of sunset on the 24th many seismic disturbances and storms will be heard from. After these storms the temperature will fall.

The last storm period falls within a mercury period and is central on the 31st, and extends from the 29th into August. Change to warmer and gathering thunder storms will appear about the 29th and pass from the west to east.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." THE ALEXANDRIA FIRE DEPARTMENT.

We were shown this morning a little pamphlet, printed, as is stated, at the Alexandria Gazette office, in 1860, nearly half a century ago. It is called "Laws of the State and Corporation relative to Fire Companies" and has the further title of "Regulations for the Government of Fire Companies and By-Laws of the Fire Department of Alexandria." It is probably the only copy in existence and is the property of Father Carne, who prizes it greatly.

As Richard L. Carne, jr., he participated in a ridiculous march from the old courthouse where officers had been elected (evidently by collusion between the candidates) and were endeavoring to keep 240 men in order until they reached the old ice house on the hill which bore that name. Of course they did not succeed, and dead rats, bricks, pieces of iron and tin, &c., ad infinitem flew at the heads of the forward ranks and were answered by a torrent of unseemly ejaculations from the recipients in front. Having heard that there were no such doings in other places, the young man above mentioned wrote to the authorities in Richmond and was rejoiced to find that though firemen were enrolled in the militia, they were entirely free from actual service as long as the company had an engine and kept it in good order. Alexandria had five, so all who pleased could be exempt if they would work at fires. That they were ready to do, as it was rather an amusement to them than otherwise.

The Common Council then took a hand, probably at the instance of the active young man and appointed a chief engineer at a salary of $100 per annum and a number of wardens, who assisted him without pay. The officers and members of the companies were required to wear such caps, badges, &c., as the Mayor directed and were furnished these free of cost. Nobody else was allowed to wear them.

The engine houses had to be kept locked and the keys kept by suitable persons in the neighborhood and their names designated on the engine house, and no engine could be carried out (a fire to the contrary notwithstanding) unless an officer or two members were present. The town bell was to be rung and to indicate the direction of the fire, and no engine, hook and ladder, or hose-reel was to be run or placed on a sidewalk, and a false alarm required the payment of $5 by the offenders.

The law took effect in 1851 when Robert Jamieson was President of Council and Lawrence B. Taylor, Mayor. By 1859 a Board of Aldermen had been created by the State law and Mr. Taylor was made President of that body while Lewis McKenzie filled that post in the Common Council and Wm. D. Massey was Mayor.

Regulations for the uniform management of the five companies—the Friendship, Sun, Relief, Hydraulion and Star—were carefully made. No boy under 18 was to be a member, unless as a torch bearer, when six were allowed to each company. No boys were allowed to stand around or go into engine houses and no members ever could collect in them except for meetings or other matters except for legitimate purposes. When fires took place, the bells were to be rung for a short time only and the number of the ward was struck at brief intervals; but they might be rung on days of public rejoicing or when a procession was passing or tolled not more than ten minutes for meetings. The bells of any or all might be tolled during a funeral, while the use of intoxicating drinks or playing of cards, &c., in an engine house subjected the company to a fine of $10, or the offending members were to be expelled.

Apparatus might be run to fires at full speed but no other piece of apparatus should run in front of another to cut it off. Pumps could be taken by the first engine arriving and fire plugs could be taken by the first hose carriage, but the chief engineer could change the position of one company or require it to fill the engine of another, and no company could leave the fire without his permission and none could stay without if he forbade. The Relief could remain in the First ward; the Sun in the Second; the Hydraulion in the Third and the Friendship in the Fourth. He could also loan the hose of one to another, but must inform the company from which he took it. The Star might be kept by him to put out a fire anywhere. In returning to their houses the company should go at a walk.

On the 7th of July, 1859, "The Fire Department of Alexandria" was organized with the usual officers and the public might attend its meetings, unless forbidden. The order of business was the usual one, but offenders in the companies could be tried and the witnesses sworn, and the result tried by the department, the offenders being tried and acquitted or found guilty as the case might be.

The officers of the Fire Department for 1859-60 were: Stephen Shinn, of the Relief, president; George T. Whittington of the Friendship, 1st vice president; Hugh Latham, of the Sun, 2nd vice president; Richard L. Carne, jr., of the Hydraulion, secretary; I. Louis Keinzer, of the Star, treasurer. The members were: John L. Smith, Chief Engineer; Milton Glasgow, John Leadbeater, James W. Atkinson, Richard L. Carne, jr., Charles W. Neale, James S. Douglas, John Birrell, Richard H. Stabler, Ferdinand Knight, and Wm. T. Walker, and George Whittington, President of the Friendship, Hugh Latham, of the Sun, Stephen Shinn, of the Relief, I. Louis Kinzer, of the Star, and Benjamin Barton, of the Hydraulion.

Of all these public spirited citizens one only is living, Richard L. Carne, who, having been elected by the new company, the Reliance, an honorary member, may be considered the Father of the Fire Department, for declaring that the saving of property and life is a good work, he will attend the meetings of his company as long as he can walk there.

A dance will be given by the house committee at the Golf Club on Saturday night. All members of the club are requested to attended.

LABOR TROUBLES.

No disposition to yield is manifesting itself on either side in the labor troubles in Washington. The workingmen have organized vigilance committees, which are watching the railroad depots and steamboat wharves to meet any non union men who may have been attracted to Washington by news of the general strike. On the other hand, the Employers' Association this afternoon announced that unless all men returned to work by Wednesday nonunion labor would be imported from Baltimore and other cities. The strikers have returned to week on the District Building, the nonunion plumbers, who were the cause of the strike there, having been dismissed. At some buildings notably the Academy of Music, nonunion men are at work, and the builders declare they have all they need.

The colored hodcarriers who quit work on the George R. Hill Memorial Hall in this city a few days ago, are still out. They were, it is said, receiving $2.25 per day and wanted half a day holiday Saturday with full pay.

HOMER LIND MARRIES.

Mr. Louis Lindheimer, son of the late Samuel Lindheimer, of this city, and nephew of ex-Mayor Henry Strauss, known on the operatic stage as Homer Lind, and Miss Ada H. MacCurrie, of Somerville, Mass., a violinist, were married at Young's Hotel, Boston, yesterday. Their romance arose from the opera singer's hearing the young violinist play at Atlantic City last summer. The bridegroom says his wife has great talent and he will take her to Paris, where, with additional training, he thinks she will become a great artist. Mr. Lind is 38 years old and his bride is 19. The baritone spent 10 years abroad, having been a member of the Royal Opera Company at Covent Garden, London, and at the Frankfort Opera House. Two years ago he appeared in Henry W. Savage's production of "Parsifal." He announces his intention of leaving the stage.

RALEIGH F. LUCKETT DEAD.

Mr. Raleigh F. Luckett, who on Monday shot himself in the right breast while seated in the Garrick Club, in Washington, died last night at the Emergency Hospital in that city at 9:15 o'clock. When the end came the young man's father and mother and other members of his family were at his bedside. His wife, Mrs. Gertrude Luckett, arrived in the city yesterday morning from this city, where she had been visiting ing relatives, and she was also at her husband's bedside with her father, Mr. M. B. Harlow, of this city. It was found yesterday morning that the bullet had penetrated the spine. When this fact was ascertained the physicians gave up all hope of saving the young man's life. Mr. Luckett is survived by his widow and two infant children, his father and mother, a brother, Joseph Luckett, and two sisters. The funeral will take place Friday.

THE FOURTH OF JULY.

A large percentage of the community will pass tomorrow on public and private excursions, or in picnicking in rural retreats in close proximity to the city. From present indications the temperature will not be oppressively warm, and pleasant weather conditions are likely to add to the enjoyment of the occasion. Although there will be no public observance of the anniversary here yet the day will be kept as a holiday and after the morning hours business will be generally suspended. The banks and public offices will be closed all day and the postoffice will observe Sunday hours.

COOL WEATHER.

The warm weather of yesterday was followed at night by a refreshing northerly breeze which lowered the temperature somewhat. The heavens were aglow with lightning, but no thunder could be heard. The weather today has been pleasant with a northwesterly wind. There was a storm in the lower river and Chesapeake Bay last night which was accompanied by high winds, rain and thunder and lightning. The steamer Norfolk was two hours late when she arrived here this morning in consequence of the storm.

WON SCHOLARSHIP.

Mr. Henry Boyd Edwards, son of Rev. George Edwards, Archdeacon of the Episcopal diocese of Cincinnati, won the Sage post-graduate scholarship in philosophy at Trinity College, Hartford, Conn., from which he graduated last month. This will entitle him to a post-graduate course at Cornell. Young Mr. Edwards' mother was formerly Miss Hallie Smith, of this city, and he is a nephew of Mrs. R. F. Knox. In the fall Mr. Edwards will enter the Episcopal General Seminary at New York.

WITHDREW CHARGE.

A day or two ago an employee of the electric railway made complaint at the station house against a former conductor on the road whom he charged with applying certain vile epithets to him. The trouble, it seems, grew out of the recent formation of a union of certain of the employees. The case was set for trial in the Police Court at 10 o'clock this morning, but the plaintiff, being unable to appear at that hour without losing time, concluded to withdraw the charge against the ex-conductor

FORFEITED HIS COLLATERAL.

The "Petersburg" neighborhood was aroused yesterday evening by a negro named Harry Shirley, who assaulted Gertrude Jones, also colored. Lieutenent Bettis proceeded to the scene, but Shirley escaped before the officer arrived. Later Officers Nicholson and Arrington arrested Shirley, and he left collateral for his appearance this morning. He could not be found when the case was called, and forfeited his collateral.

PICNIC TOMORROW.

There will be a picnic tomorrow at Fairfax station under the auspices of St Mary's Catholic Church of that place. The train will leave Alexandria at 8:22 a. m. This will be the regular yearly picnic of the church, and heretofore many from this city have attended these outings.

MANY INJURED IN RAILWAY ACCIDENT.

A serious accident occurred on the Washington, Arlington and Falls Church Railway at 8:50 o'clock this morning, by which between 50 and 60 persons were injured, three, it is believed, fatally. The accident occurred between Rosslyn and Clarendon, a passenger car containing 130 persons coming from Falls Church to Washington colliding with a flat car loaded with steel rails going in the opposite direction. The impact was terrible, and the passenger car was badly wrecked. The steel rails on the freight car penetrated the passenger car, smashing it in pieces and injuring a large number of passengers, cutting and bruising them fearfully and causing a panic. Fully one half of the passengers, who were crowded in the car, were injured. Each motorman thought he had the right of way.

The passenger car crashed into the freight on a down grade curve. As the freight was proceeding slowly and was heavily loaded with rails, the entire effect of the collision was on the passenger car. Both the conductor, P. J. Dewey, and the motorman, William Mock, of the passenger car were seriously hurt.

When the cars came together the rails protruding over the trucks of the freight train crashed through the timbers of the passenger coach.

As soon as possible ambulances and wagons were summoned from Fort Myer, Washington and the adjoining farm houses and into these the injured were placed and driven to the hospital at Fort Myer and to the Georgetown University Hospital.

Among those who were severely injured were:

Miss Eva Taylor, Mrs. Ada Rhodes, George T. Warring, Wilbur Loveless, J. W. Leech, W. M. Allison, Maj. E. W. R. Ewing, S. R. Dishman, Mr. Darrell, Fred W. Boyden, George L. Brish, J. B. Blackburn, Lincoln Freeman, H. B. Gorham, George K. Stewart, A. L. Cross, Thomas D. Gannaway, John W. Veitch, Titus B. Snoddy, Roger Fitzhugh, colored, T. W. Sebastin, Mrs. John Veitch, jr., John Veitch, jr.——Ellis, Dalls Ball, K. W. Sebastin and James C. Plant.

PERSONAL.

Messrs. Edward and Christopher Warren, employees of the Old Dominion Glass Works, left this morning via Scranton for their home, Montreal, Canada. While away they will visit relatives in France and England, and return to this city about September 1.

Mrs. C. W. MacDonough has returned from Braddock Heights, where she was visiting Mrs. F. Ervin Ludwig.

The Misses Clara and Emeline Talbot left today for Culpeper where they will join a party of friends to attend the annual horse show on the 4th and 5th instant.

Mrs. Alexander Murray has returned from Panama, where she was called by the illness of her husband, Dr. Alexander Murray, U. S. A. The doctor, his many friends in this city will be glad to learn, is rapidly recovering from his illness.

Mrs. R. W. Gallisrd left today for Winnsboro, S. C., where she will make her future home.

APARTMENT HOUSE.

It is understood that arrangements have almost been completed for the erection at the northeast corner of King and Columbus streets of a handsome apartment house to contain fourteen apartments. The building is to be of brick, four stories high and to be fitted with all modern improvements and conveniences. The building is to be erected almost entirely with Alexandria capital and Alexandria business men are the ones most interested. Mr. J. D. Knight was the lowest bidder and should the contract be let, it will be to him. The building it is said will cost nearly $50,000 and will be an ornament to the city. Application has been made for every apartment in the house.

HE WAS HIT.

This morning a large and heavily built colored man appeared at a building being erected on upper King street and began interfering with the colored men who were carrying mortar and bricks to the building in wheelbarrows. He was told to go away and let the men alone, but he became insolent and refused to move. At this moment one of the bricklayers became exasperated at the man's insolence and with one well directed blow knocked the meddler entirely off his feet and into a barrel. When the fellow recovered he said, "You hit me, didn't you!" Upon being told that if he did not leave at once he would be hit again the man made off.

POLICE COURT.

[Justice L. H. Thompson presiding.]

The following cases were disposed of this morning:

Harry Shirley, colored, charged with assaulting Gertrude Jones, colored, forfeited his collateral by failing to appear.

An ex-conductor on the electric railway had been cited to appear and answer the charge of disorderly conduct toward an employee of the road. The case was dismissed, as the complainant withdrew the charge.

VAGABOND NEGROES.

Lieutenant Bettis, who was in charge of the police force this morning, directed the officers to notify certain vagabond negroes who loiter in different localities that if they fail to secure employment within a reasonable time they will be arrested and the vagrant law enforced in their cases. The lieutenant also directed the men to use all diligence in carrying out orders concerning the use of explosives in the streets of the city today and tomorrow.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will not be held this week, on account of the Fourth of July and a good many of the members being out of the city.

The regular weekly prayer meeting will also be deferred, but will be held next Thursday, July 11, and will be led by Rev. Mr. Van Arsdale, pastor of the Trinity Methodist Church.

FOR FRONT ROYAL.

As stated yesterday about twenty-five members of the Reliance Steam Fire Engine Company, under the command of Capt. A. D. Grimes, will leave here for Front Royal this afternoon at 5:12 o'clock, to take part in the reel races which will occur there tomorrow. The members will return tomorrow night.

U. S. COURT.

[Judge Edmund Waddill presiding]

The court today without transacting any business of general interest adjourned for the term.

WEDNESDAY EVENING, JULY 3, 1907.

Young Woman Attacked.

Miss Virginia Brown, 18 years old, daughter of Thomas Brown, a farmer, living near Havre de Grace, Md., was attacked by a strange man Monday afternoon in her home. Miss Brown was alone in the house, her father being in the field a short distance away. When he returned to the house, about a half hour later, he found his daughter lying unconscious in the yard. Miss Brown did not regain consciousness until about two hours later. She said that a strange white man came to the house and asked her for something to eat. She started to comply with his request when he pointed a pistol at her and warned her not to make an outcry. He then bound her hands and feet and proceeded to ransack the house. Taking a bunch of keys from his pocket he unlocked a desk and took what cash was there, amounting to about $15. Miss Brown endeavored to free herself, but could not. She screamed, whereupon the thief struck her on the head, rendering her unconscious.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at E. S. Leadbeater & Son's drug store.

Charged With Leading Girl Astray.

Edward Warren, superintendent of the Waynesboro, Md., gas plant, waived a preliminary hearing in Hagerstown yesterday on the charge of criminal assault upon Marguerite Louise Rowe, under the age of 16 years, and gave bond for his appearance at the November term of court. Miss Rowe is a daughter of L. A. Rowe, former postmaster and merchant at Blue Ridge Summit. According to the story told by the girl, Warren took her out driving last Friday evening. A severe storm came up, and the couple sought shelter at the Maryland Hotel. As the storm kept up, they were compelled to remain at the hotel over night. The charge is made that the assault occurred at the hotel. Warren, who is a married man, denies the charge, although admitting that he took Miss Rowe out driving and that the storm forced them to remain at the hotel over night.

What is medicine for? To cure you, if sick, you say.
But one medicine will not cure every kind of sickness, because different medicines act on different parts of the body. One medicine goes to the liver, another to the spine, Wine of Cardui to the womanly organs. So that is why

Wine of Cardui

has proven so efficacious in most cases of womanly disease. Try it.

Mrs. Wm. Turner, of Bartonville, Ill., writes: "I suffered for years with female diseases, and doctored without relief. My back and head would hurt me, and I suffered agony with bearing-down pains. At last I took Wine of Cardui and now I am in good health." Sold everywhere, in $1.00 bottles.
